### **BUMITAMA SUPPORTS DEVELOPMENT OF A NEW HOSPITAL**

---

Jakarta, 11 July 2019 – On 1<sup>st</sup> of April 2019 the first foundation stone of a new hospital in the rural area of Cempaga Hulu was laid by Pak Supian Hadi, the Bupati of East Kotawaringin, in the presence of the members of the Regional government and representatives of the private sector, including Bumitama.

In his speech Pak Supian expressed his aspiration for the hospital to provide high quality medical services for the people of Cempaga Hulu, whilst cutting down on travel time by three hours to visit the hospital in the city of Palangkaraya, which is of vital importance for the critically sick or injured persons. He also emphasised that the new hospital is expected to attract and generate other related-types of businesses, creating new job opportunities and thus improve the regional economy.

The interviewed representatives of the local community are equally positive about this new development. After years of petitioning, their needs are finally being looked into by the government together with the generous contribution from the private sector. Upon opening its doors, the hospital will provide specialised healthcare and emergency services closer to their homes.

The Bupati acknowledged his appreciation to Bumitama for supporting the development by donating the necessary land. The hospital will be built just footsteps away from the gate of PT. Windu Nabatindo Lestari, one of Bumitama's subsidiaries in Central Kalimantan. We are happy to be able to assist the government in this development and to help the local community with their needs, while at the same time expanding the healthcare services accessible to our workers and their families with specialised medical care, which is not available in our plantation clinics.
